Executive narrative

Calculated facts

Fiscal year 2026 is the latest period. The validated dataset contains \$8,671,556 across 7,992 gifts from 1,500 donors. Year-over-year giving changed -3.2%; donor retention is 56.6%. Capital Renewal leads campaign giving at \$1,009,295. Data quality scored 99.9%.

AI interpretation

The strongest signal for “Generate executive summary” is the combination of year-over-year performance, retention, and gift concentration. These measures should be reviewed together rather than in isolation.

Recommendations (analyst review required)

Prioritize outreach to 340 LYBUNT donors, review performance outside the leading campaign, and resolve remaining data-quality exceptions before leadership distribution.

Synthetic data only. AI interpretation requires analyst review.
